Workplace Giving is a great way to show your commitment to our cause and support groundbreaking research that will create a future where no child dies of cancer.

# IN THIS TOGETHER.

Workplace giving is an easy and tax effective way  
you can change the lives of kids' with cancer

SURVIVAL STARTS WITH SCIENCE.

## Our WHY:

**3 CHILDREN** are diagnosed with cancer in Australia every day

**3 CHILDREN** die of cancer in Australia every week

**MORE CHILDREN DIE FROM CANCER** in Australia than any other disease

**SCIENTIFIC RESEARCH** into kids' cancer must be treated differently to adult-based research

## Thank you so very much for joining us in curing kids' cancer

As a wholly independent charity, we rely on donations from people just like you. Through workplace giving you're able to make a big difference while simply going about your day-to-day work.

I started The Kids' Cancer Project in 1993 knowing that research was the only way to truly help children diagnosed with this devastating disease.

Since then, I've pledged my life to never give up until we have cures for every type of children's cancer without the harmful impact that current day treatments can bring.

Together, we can make a difference.

Yours sincerely,

*Colin Reynolds.*
